We will not be charging our time to Harvey. The review is to determine what response processes/contols are in place, Harvey activity is what we are reviewing to make the determination.

Please charge your time to the HVY code. We'll have to let Robert know so he can create account code favorites for everyone that will be charging. Can you please confirm who will charge for the review?

Thanks.

John

Corey,

You definitely should not charge to the MA. As far as the HVY code goes, I think OCFO really needs to be involved in that decision. I can ask Jeanne, Meshell, and Judi what they think. We should definitely be consistent whatever's decided.

For the review, I think we're just using the tracking code structure, not charging the MA directly.

Is that the case John?

Thanks,
Corey
